

Disability Action Center Membership Options

The Disability Action Center is undergoing major changes and improvements to better serve current and future clients. With expanding programs and offering classes and activities in the mornings and afternoons, we have had to make changes to the yearly membership fees. Please be aware that these membership options not only include the afternoon classes that have been a hit for the past several years, but that they also include new and improved morning activities to encourage engagement for those individuals who join us all day and involvement from those who join us in the afternoon.

Choose the best membership option for yourself and your household based on your involvement with the Center and your future investment in our programs.

Individual and Household Investment Options

| Community/Social Member | Active Member | All Inclusive Members |
|-------------------------|---------------|-----------------------|
|-------------------------|---------------|-----------------------|
